**ORDER**

The parties in the above-styled case have filed motions in limine (Docs. #52, #56, and #32) and responses thereto (Docs. #54, #64, and Docs. #37 respectively) which are ruled as follows.

Plaintiff's motion in limine to exclude post-arrest self serving statements offered by defense (Doc. #52), filed April 20, 2005, is denied on all issues raised.

Plaintiff's second motion in limine (Doc. #56), filed April 22, 2005, to exclude evidence related to a search warrant executed at 521 Maple, Kansas City, Missouri, is granted in all respects. However, defendant may introduce evidence that the location at issue is in a high crime area. Before doing so, the defense must approach the bench to explain how this will be done.

Defendant's motion in limine (Doc. #32), filed April 6, 2005, is not opposed by plaintiff. Therefore, defendant's motion in limine is sustained.
